This draft proposal shall be delivered to the EUHA by August 25. of the corresponding year.

1.4. Relationships Between the EUHA and University Teams

1. Mutual rights and obligations of the EUHA and individual University Teams not governed by this Manual are governed by separate contracts concluded between the EUHA and individual Teams and provisions thereof shall take precedence over provisions of this Manual.

1. EUHL

2.1. Characteristics of the EUHL

1. EUHL is an independent amateur European University Hockey League whose main objective is to develop sports activities of youth, to develop and promote ice hockey and to foster cooperation between its participants, EUHL, organized by the EUHA, consists solely of teams of university or college students (hereinafter referred to as the “Team”).

2.2. Participants of the current EUHL Season

1. Participants of the current EUHL Season are teams that have signed a contract on participation in the current season, paid their participation fee on time and do not have any debts towards the EUHA from previous seasons or other activities organized or co-organized by the EUHA. List of participants of the current EUHL Season is being maintained by the EUHA Board Committee.

2.3. Basic Timetable of the Season

1. Beginning of the EUHL regular season is set for October 1. of the corresponding year. Regular season shall be finished no later than March 3. of the corresponding year. Each University Team shall be obliged to attend, via its representative, the opening press conference for the new EUHL Season.

2. Each participating team of the current EUHL Season shall be obliged to play the first game of the season by October 15. of the corresponding year, unless the EUHA Board Committee decides otherwise, e.g. in cases, where the University Team attends an event, where the EUHA participates or the EUHA gave the Team permission to attend.

3. Individual teams may, after mutual agreement, play games of the current EUHL Regular Season prior to the start of the Season, provided they obtained prior approval from the EUHA. The option to play non-competitive games between the teams prior to the official start of the season and during the season shall be within the competence of individual teams, provided that those games do not affect proper functioning and operations of the league.

4. Each EUHL team must complete at least 70 % of all league games of the EUHL Regular Season by December 31. of the corresponding year. Each EUHL team must complete at least 1 (one) trip as a visiting team in the EUHL Regular Season by December 31. of the corresponding year. Trip shall mean playing at least 2 games in the time span of two calendar days, whereby both games within one trip must be played outside the resident city of the visiting team. If a team fails to complete at least one trip by date set above due to game cancellation or for reasons on the part of the home team or for reasons beyond the visiting team's responsibility and control, this fact shall not be deemed infringement of this Article of the Manual.

5. Game schedule shall be determined based on number of participants qualified to participate in the current EUHL season and game day schedule of the registered participants. Specific schedule shall be prepared after individual contracts on participation in the EUHL season are signed.

6. University Teams take note of the fact that when interpreting questions related to this Manual, the interpretation might be more favorable for the team that signed the Contract sooner or the interpretation might be more favorable for the EUHA. Late registration may result in increased administrative and logistic expenses for such team.

2.4. Determining Game Days

1. In order to achieve proper and smooth operations of the EUHL, the EUHA recommends University Teams to determine at least two game days per week, during which they will play their EUHL home games. University Teams undertake to provide assistance in the highest possible extent that can be reasonably expected in order to provide the most accurate and timely scheduling of individual games. EUHA reserves the right to set a date and place of a game in case the involved parties are not able to come to an agreement. Costs of such game shall be covered by the Home Team unless the EUHA rules otherwise. This date and place are binding for all involved parties.

2. Dates of individual games for the following month, in the following format: date, time and place, shall be sent to e-mail address support@hockeydata.net and the EUHA office@euhl.eu by the 25. day of the month preceding the month of the games.

2.4.1. Changes of Game Dates and Times

1. Game days submitted by Home Teams shall only be modified with the EUHA approval and under circumstances set out in this Manual or in compliance with separate agreements between the EUHA and individual Teams. In exceptional cases, the EUHA shall be allowed to set a date, time and place of a Regular Season game, provided the involved parties cannot come to an agreement (see Article 2.4 (1)).

2. Specific dates and times of individual games may be modified for various charity or marketing activities of individual teams, subject to authorization by the EUHA. If a Team has information about an event or activity in terms of this article, it is the Team's obligation to notify the EUHA by email at least 10 days prior to the event or activity, in order to determine an alternative date for the game; a team shall be released from this obligation only if they learned, without any fault on their part, about such event after the deadline set out in this article, whereby the team bears the burden of proof.

3. In case of any unforeseen circumstances outside the Team's influence that can impact date and time of a game, the Team shall notify the EUHA by email immediately after being made aware of the situation, in order to determine an alternative date for the game.

4. If an originally scheduled game requires change of date, the team that required the change shall notify and provide explanation to the EUHA, the EUHA Game Officials Committee and the Sport- Technical Committee and inform the opposing team of the change at least:

- 96 hours (4 days) prior to the game in the Regular Season, unless the team learned, without any fault on their part, of the circumstances responsible for the date change after the deadline, whereby the team bears the burden of proof,
- 72 hours (3 days) prior to the game in the play offs, unless the team learned, without any fault on their part, of the circumstances responsible for the date change after the deadline, whereby the team bears the burden of proof,
- 120 hours (5 days) prior to the game if a part of a trip, unless the team learned, without any fault on their part, of the circumstances responsible for the date change after the deadline, whereby the team bears the burden of proof.

5. Only 2 changes of date shall be allowed for games during Regular Season, with the exception of cases when the team requesting the change bears no responsibility for the situation. Any further requests for change of date shall not be approved by the EUHA and the team not requesting the change shall win the game by default, unless there are special circumstances, whereby their eligibility shall be determined by the EUHA.

6. Dates of playoff games of the EUHL season can be changed only in exceptional instances and only if approved by the corresponding committee. In exceptional cases, the EUHA shall be allowed to set a date, time and place of a playoff game, provided the involved parties cannot come to an agreement (see Article 2.4 (1)).

2.5. System of Play in Regular Season

1. The teams will meet in two rounds, using the home - away system.

2. Game in Regular Season is 60 minutes long. If a game is tied at the end of regulation, it is then followed by a 5-minute-long overtime with a 3 against 3 system - first team to score a goal during this period wins the game. If a game is still tied after the overtime period, a shootout with 3 players from each team ensues. Tied shootout is followed by a change in order of teams with a 1-1 system (one player from each team; one and the same player is allowed to shoot). The aforementioned shall take place only if sufficient number of teams are registered for the Season.

2. Due to variable number of teams participating in the current EUHL Season, the EUHA reserves the right to additionally modify the playoff system for the EUHL Season via an amendment to this Manual. Subsequently, the series shall move to lower ranking team, who shall organize the other two games, provided the series does not end with the third game. Eventual fifth and deciding finale game shall be organized by higher ranking team of the Regular Season. In exceptional cases (i.e. if the home team does not have means to organize a game), the EUHA reserves the right to set a date and place of a game that shall be respected by all involved parties. If an involved party does not participate in a game set by the EUHA, the game shall end in a walkover awarded to the participating team (see Article 2.4(1))

4. If the score is tied in regulation time of a playoff game, an overtime period with the 3 against 3 system shall be played until a so-called "golden goal" is scored; penalty-shot shootout is not permitted.
